Control your fuel costs

Cut costs, simplify admin, and track usage with Fuel Cards at Jurni. The smart, simple, and efficient way to manage transport costs for schools, sports clubs, and community transport.

The money you're spending at the forecourt likely adds up to 20% of your running costs. But fuel costs you more than the price at the pump. There's the hassle, time and cost it takes to process reimbursements. Not to mention the inconvenience to drivers and the unpredictable impact on cashflow. With Jurni Fuel Cards you take control of your budgets and save big on fuel.

Get discounted commercial rates

A typical saving of 10p on every litre of diesel and unleaded could really add up, with greater discounts open to larger fleets. And with every penny you save and reinvest, you're adding value to your school or not-for-profit.

Switch to Jurni Fuel Cards to make huge savings – not just at the pump, but across your entire set-up. With tighter cost control, and a single automated VAT invoice, you'll streamline admin and make every litre work harder for you.

Ready to leave pay-and-reclaim admin and receipts behind? Our cards include real-time, easy-to-use reporting.

We'll help you choose

Jurni has teamed up with the clever people at Juice Fuel Management to unlock extra savings on fuel and EV charging for schools, colleges and charities.

Enjoy one discounted weekly fixed price across the UK's leading networks, including motorway service stations. It's a complete fuel management package that helps your organisation run more smoothly.

We'll help you choose between the largest fuel and EV charging networks in the UK. So, you always get the best commercial pricing and operational excellence for your budget.

Drivers can also download the app, linking their fuel card directly to their phone for convenience. This makes managing fuel purchases easy and unlocks extra benefits, such as earning loyalty points at participating stations.

Fuel cards make sense

Guaranteed cost savings

Enjoy better-than-pump prices every time, with potential for even greater discounts as your fuel spend increases. No hidden fees or surcharges. No surprises.

Convenient and comprehensive coverage

Access the biggest fuel networks with top-quality fuel and competitive rates covering major trunk roads and motorway services.

Secure and simple

Drivers get secure PIN-protected cards for effortless, cash-free purchases. You can easily set product and spending limits, reducing the risk of fraud.

Real-time reporting

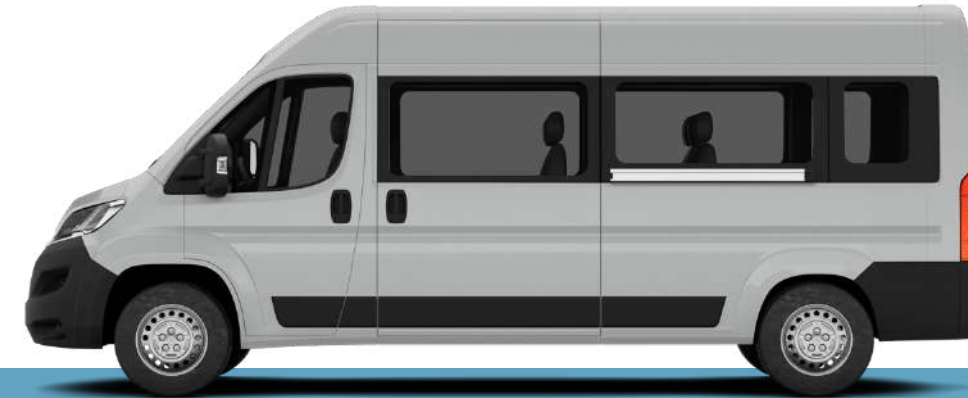

Track mileage every time a card is used. All spending data is consolidated into an intuitive web tool, giving you actionable insights and clear visibility into your savings.

Superior driver experience

Your drivers get more at branded stations: more loyalty rewards, professional service, and inviting café-style shops. A better stop makes for a better journey!

Unlock significant savings

Enjoy discounted rates on diesel and unleaded, with predictable pricing across leading networks, including motorway services.

Say goodbye to tedious admin and pay-and-reclaim processes with a single automated VAT invoice that simplifies your accounting. Real-time reporting gives you full visibility of your fuel usage, helping you take control of costs and streamline your processes effortlessly.

With Jurni Fuel Cards, savings go beyond the pump. You'll reduce fraud risk with secure, PIN-protected cards and set spending limits tailored to your organisation. Your drivers benefit, too, with easy app access and loyalty rewards at participating stations.

From simplified VAT recovery to accurate mileage tracking, our fuel cards are designed to make managing your minibus fleet smoother, smarter, and more cost-effective.

Account management

We're not just here to get you started – we're here to help you grow.

That's why we schedule annual review meetings to look at how things are going – both in terms of our service and your fleet's performance. If there are opportunities to save more or work smarter, we'll spot them and share clear, practical recommendations.

You already have full visibility via your online portal, but we can also deliver tailored reports as often as you need. These reports form the basis of our reviews, helping us track progress, fine-tune your setup, and make sure you're always getting the best possible value.

Need check-ins more often? No problem – we'll tailor the schedule to match your needs.

Getting started

We'll uncover extra savings for you with a fast, painless analysis of your fuel costs – showing you exactly how much money you could save.

Here's how it works: we'll ask for a handful of fuel transaction reports (easily downloadable from your current supplier) to ensure the insights are accurate and reflect your real usage. One of our expert analysts will combine this data with relevant geographical information, including frequent trips and school locations.

Using advanced software, we analyse the frequency and types of journeys your team takes, then match these with fuel card and charging networks to identify the best coverage and discounts for you.

The result? A like-for-like comparison of the savings you could gain – all at no cost and with zero obligation.
