

Work smarter with Fleet Management

Control your **fleet**

Built for businesses ready to scale

Managing a fleet becomes complex long before it's considered large.

You are big enough to face regulatory scrutiny, rising costs, and operational pressure. Yet lean enough that inefficiency and missed deadlines directly affect performance.

Spreadsheets break. Manual processes expose risk. Disconnected data creates blind spots.

DriveElectric Fleet Management delivers complete operational oversight through one connected platform.

**Not just visibility.
Control.**

At a glance

- Full operational oversight
- Reduced compliance exposure
- Lower unplanned downtime
- Improved cost control
- Clear performance reporting

When complexity starts to **scale**

Growth brings pressure.

- More drivers across more locations
- Greater maintenance exposure
- Increased compliance responsibility
- Tighter margin control
- Higher reporting expectations

One missed MOT.
One unchecked licence.
One delayed service.

Mitigate risk

Downtime becomes disruption.
Risk becomes liability.

Without structured oversight,
exposure escalates quickly.

You need systems that anticipate
issues, not react to them.

One platform. Complete control.

DriveElectric brings vehicles, drivers, compliance, and cost management into one connected system built for operational control.

Everything in one place.
Always up to date.
Always accessible.

Scalable control

Fleet Management is available in two structured packages, designed to support different stages of operational control.

Essential

For structured compliance and core fleet control.

Centralise administration, maintain oversight, and reduce compliance exposure with a clear, organised system built for operational stability.

Pro

For real-time insight and operational optimisation.

Unlock live OEM vehicle data, automated mileage capture, and deeper cost visibility to improve utilisation, reduce downtime, and strengthen performance reporting.

What's included	Essential Package	Pro Package
MOT & Licence tracking	✓	✓
Driver assignments	✓	✓
Inspection schedules	✓	✓
Penalty and fines management	✓	✓
OEM Telematics ¹		✓
Live dashboard		✓
Mileage automation		✓
Trip and fuel analysis		✓
Integrated service alerts		✓
Driver behaviour		Coming soon
CO ₂ reporting		Coming soon
GPS Dash Cam		Coming soon

1. Telematics direct from the vehicle via OEM (Original Equipment Manufacturer) built-in connectivity.

Insight. Protection. Compliance.

Real-time operational insight

Live OEM-connected vehicle data, mileage tracking, trip analysis, and centralised dashboard visibility.

Driver assignment and behaviour visibility to reduce operational and compliance risk.

**Know fleet status instantly.
Act with confidence.**

Proactive maintenance control

Automated service alerts, diagnostics integration, inspection scheduling, and MOT tracking.

**Reduce disruption.
Maintain availability.
Prevent avoidable breakdowns.**

Audit-ready compliance

Automated licence verification, digital inspection logs, and structured record keeping embedded directly within the platform.

Compliance processes are built into your workflow, not managed separately.

**Stand up to scrutiny.
No gaps or guesswork.**

Cost control with confidence

Fleet management is not administration. It is cost discipline.

- Fuel and mileage monitoring
- Maintenance spend tracking
- Inefficiency identification
- Data-driven renewal decisions

Clear performance and CO₂ reporting to support sustainability targets.

Improve utilisation.
Reduce hidden cost.
Protect margin.

Accountable reporting

Clear reporting that supports executive and board-level oversight.

Supported by a named fleet specialist who understands your operation.

Electric expertise. Proven **heritage.**

DriveElectric has specialised in electric vehicles for more than 15 years.

We were founded to accelerate EV adoption. Not adapt to it.

Established in 1994 as Fleetdrive Management. Rebranded as DriveElectric in 2008. Supporting electrification at scale ever since.

Part of the Jurni group of customer-focused mobility brands.

Dedicated account management. 5-star rated service. Long-term client partnerships.

Expertise in electric.
Built on heritage.
Delivered with accountability.

Take control before risk **escalates**

If your fleet has outgrown spreadsheets but does not require enterprise complexity, DriveElectric provides the right level of structure and visibility.

Clear reporting.
Structured compliance.
Connected vehicle intelligence.
